

Amendments to the Specification:

Please replace the paragraph beginning at page 5, line 8, with the following amended paragraph:

Figure 3 is a partially exploded cross-sectional view of a mirror case installed for installation in an improved housing according to the invention, taken along line 3-3 of Figure 2.

Please replace the paragraph beginning at page 5, line 10, with the following amended paragraph:

Figure 4 is a cross-sectional perspective view of the mirror case as shown in Figure 3 installed in the improved housing according to the invention.

Please replace the paragraph beginning at page 5, line 15, with the following amended paragraphs:

Figure 14 is a cross-sectional view of the mirror attachment mechanism taken along line s14-14 of Figure 13.

Please replace the paragraph beginning at page 6, line 2, with the following amended paragraph:

Figure 16 is a cross-sectional perspective view of a portion of the improved mirror support arm, including a support base sleeve and a trim frame taken along line 16-16 of Figure 15 in an assembled configuration.

Please insert the following new paragraph beginning at page 6, line 4, with:

Figure 17 is a cross-sectional view of a portion of the trim frame taken along line 17-17 of Figure 16.
